

Early Years Educator eLearning programme

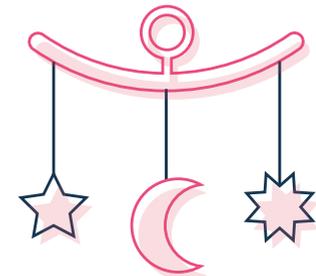

Early Years Educator eLearning programme

Overview of the role: Highly trained professionals who play a key role in ensuring that young children learn and develop well and are kept healthy and safe.

Occupational Profile: Early Years Educators, and other job roles such as nursery nurse and childminders, are highly trained professionals who play a key role in ensuring that young children learn and develop well and are kept healthy and safe. They work in a range of settings including full day care, children's centres, pre-schools, reception classes and as childminders. They may either be working on their own or supervising others to deliver the Early Years Foundation Stage (EYFS) requirements set by Government for the learning, development and care of children from birth to 5 years old.

Aptem eLearning Level 3 Early Years Educator provides an end-to-end solution for training providers looking to benefit from the efficiencies gained through electronic learning and assessment.

Enjoy high quality blended learning mapped to the Standard and fully integrated and ready to deliver from within Aptem.

Aptem eLearning is mapped directly to the Knowledge, Skills and Behaviours (KSBs) of each apprenticeship Standard and is designed to support the 'On Programme Study' element of the apprenticeship journey, which contains:

1

eLearning

The learner completes each eLearning module, which provides a targeted learning piece against prescribed apprenticeship criteria.

2

Workbook Assessment

Once eLearning is complete, learners complete an assessment workbook designed to showcase knowledge retention and application.

3

Learning Journey Portfolio

Once both elements are complete learners are able to showcase learning and assessment against prescribed KSBs and use this as part of their end-point assessment.

Aptem eLearning enables:

- ✓ learners to progress with their developmental journey through their apprenticeship.
- ✓ trainers/assessors to provide structured programmes of learning and development.
- ✓ quality assurance teams to monitor development and progress against prescribed objectives.
- ✓ training managers to provide consistent, well-resourced training to clients.
- ✓ employers to provide effective staff development.

Aptem eLearning Level 3 Early Years Educator programme contains the following 13 modules:

- 1 Child Development
- 2 Early Years Foundation Stage
- 3 Plan and Provide Effective Teaching and Learning
- 4 Diversity, Equality and Inclusion in Early Years Settings
